

Santa Claus visited the aquarium in December. The right jolly old elf stopped in December 23 to chat with the children and give out posters and candy. Approximately 100 children and a handful of adults confabulated with the illustrious visitor. The aquarium staff held a special 2 p.m. seal feeding in honor of Santa's visit.

The staff also produced a Find These Animals question sheet, which some of the bravest children tried to complete.

Lyra, a 14-year-old Lawrence School student, found all the right answers. Two other Lawrence School students, Tyler and Zack, had almost perfect answer sheets.

Honorable mention goes to: Monique (North Falmouth Elementary); Emily; Julien (North Falmouth Elementary); Brittany (Morse Pond); and Haley.
